

PM Vågryttaren 2017 Sunday 18th of June (Surfski SS1)

Gathering at Lökeberg Conference, Lökebergsvägen 21, Håltå (Marstrand) 10.00. Registration and loading of skis. Use your own straps!

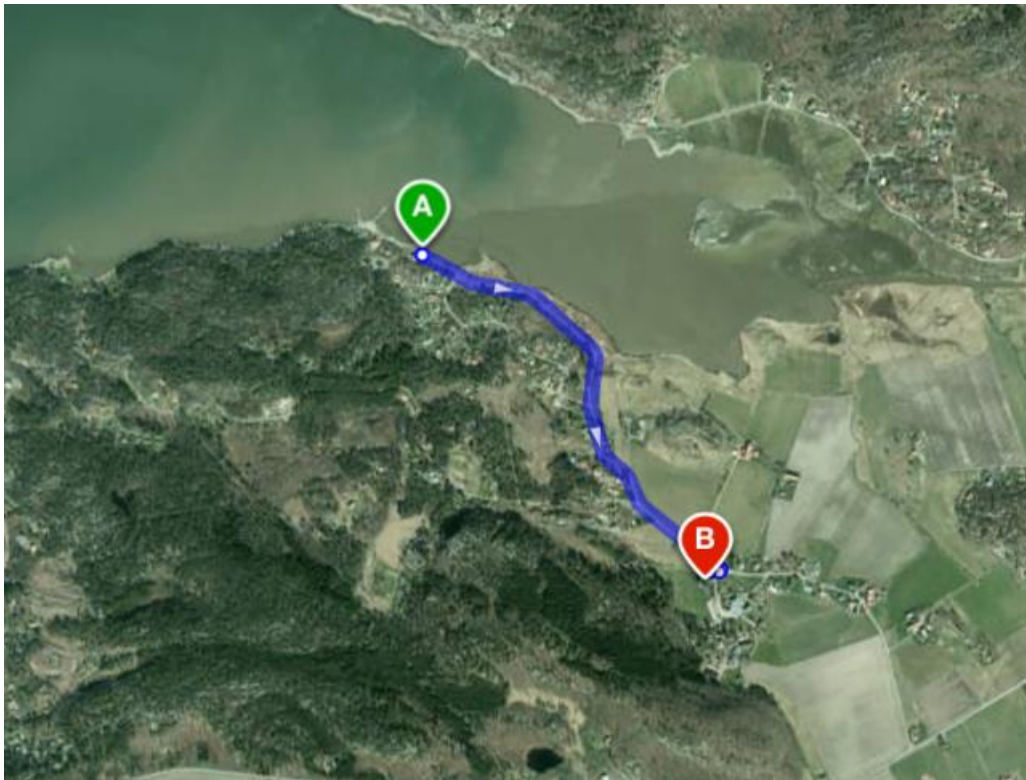

At the registration you shall show that you have all mandatory equipment. We have a few numbers of flares for sale for 50kr.

Bring your own water. There will not be any toilets or showers at the finish!

Bus and trailer will depart to the start at 11.15. At the start all extra clothing can be placed in the cars pulling the trailers.

Unfortunately the space at the finish area is limited and therefore all competitors need to park at Lökeberg Conference 600m from the finish (B in the map). The registration and loading of skis will be at the Lökeberg Conference. After this is done bring your paddling gear and take a walk down to the finish (A in the map). Here the bus will pick us up and you can also set the finish coordinate in your gps, check out the finish line, leave dry clothes etc.

Beautiful Marstrand

Skipper's meeting will be held at the start direct after arrival. One hour from skipper's meeting the start will be held, approx. 13.00. During skipper's meeting we will inform you about the start procedure, the race course and finish. There will be one car with a trailer waiting at the start area for approx. 30 minutes after start.

One security boat will be on the water. Race organizers will keep track on all paddlers using the Webtracking service.

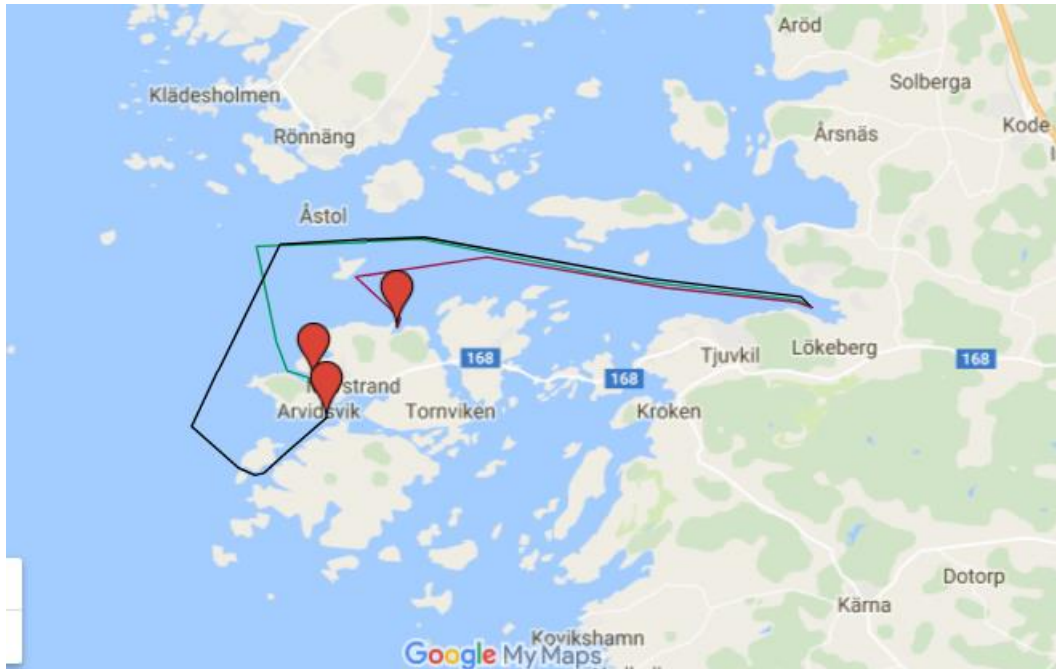

The course

Will be decided later. Preliminary race course 16km, start in Marstrand Harbour, se green course in map.

The course starts with an upwind/sidewind section of approx. 2 kilometers. During this section the conditions can be challenging. Each paddler has to round the yellow buoy before starting to surf towards Lökeberg.

If you think the conditions are too challenging you can always join the Event paddle group instead.
